

Pet Brands, a Hunting Dog Capital Company, Achieves Record Results Through August
Three-Year EBITDA CAGR of ~63.7%
September 28, 2021

Hunting Dog Capital is pleased to announce that its portfolio company, Pet Brands, a leading provider of health and wellness solutions for dogs and cats in the treat and consumable categories, has not only surpassed its record 2020 EBITDA during August 2020, but also has successfully launched on Chewy.com with its proprietary brands, Country Kitchen and Navus Naturals.

Since HDC gained operating control through a debt-for-equity swap, Pet Brands has transformed its business into not only a creator of proprietary intellectual property, but also a valued strategic partner for major US retailers, such as Walmart and Kroger. Additionally, because of the dramatic improvement in its financial performance, Pet Brands has meaningfully improved its employee benefits and compensation.

About Hunting Dog Capital

Since our inception in 2006, Hunting Dog Capital (www.hdcap.com) fills the void left by traditional lenders by providing non-dilutive growth capital in the form of senior term debt backed by tangible assets. One of the best parts of our days is the time spent speaking with the management teams of small, growth companies across the US. We marvel at the ingenuity and entrepreneurial spirits of the companies that we speak with and are honored to meet the need of providing growth capital, especially to job creators, to this the oft overlooked and underserved segment.
